Prompt (student): How do I get from FGCU to downtown Fort Myers without a car?

Getting from FGCU to downtown Fort Myers without a car is primarily handled by **LeeTran**, the county's public bus system.

How to get there:

- **Primary Route:** You will typically take the **Route 600** bus, which connects the FGCU campus (usually departing from the Student Union/FGCU Blvd N area) to the Rosa Parks Transportation Center in downtown Fort Myers.
- **Trip Planning:** Because schedules can change, it is highly recommended to use a real-time transit app to plan your specific departure time:
  - **LeeTran Trip Planner:** The official county site for schedules and maps.
  - **Transit App:** Highly recommended for real-time bus tracking and arrival times.
  - **Google Maps:** You can set your destination to "Downtown Fort Myers" and select the "Transit" (bus icon) option for step-by-step directions.

Tips for Students:

- **Student ID:** Always carry your FGCU Eagle ID. While LeeTran fares are generally low (around $1.50–$2.00 per ride), check if there are any current student discount programs or semester pass options available through the university.
- **Timing:** Buses run on a set schedule, so check the app before you head to the stop to avoid long wait times in the heat.
- **Safety:** The Rosa Parks Transportation Center is the main hub downtown. It is well-lit, but as with any city travel, be aware of your surroundings, especially if you are returning to campus late at night.

Are you planning to go for a specific event, or are you looking for a regular commute? I can help you look up specific schedules if you have a time in mind!

Helpful resources

- Florida Gulf Coast University to Fort Myers buses - Rome2rio: Provides specific information on where to catch the bus at the FGCU Student Union.
